### WHAT WILL BE THE FUTURE OF THE REPUBLICAN PARTY, ELEPHANT OR BULL MOOSE?

#### Leaders Declare Old Party Will Be Stronger Than Ever for Tuesday's Defeat, Which the Progressives Regard as Its Deathblow.

What will be the future of the Republican party? Will it be absorbed by the Progressives or will it maintain its organization?

This is the question which is being asked by every one to-day. The Evening World wired it to every member of the Republican National Committee, and here are some of their replies, and also expressions of opinion from local leaders and others on the subject:

The Colonel says that the bells which tolled the victory of Woodrow Wilson sounded the requiem of the Republican party. Senator Dixon says the same thing. Senator Johnson, chairman of the National Progressive Committee, Gov. Johnson, Roosevelt's running mate, before he left for California yesterday, said he was satisfied with the result of the election, and added:

"We have won a great victory in the people's cause. The cause will live, no matter who the leaders are."

**ELEPHANT, NOT THE MOOSE, STILL RULES PARTY.**

J. B. Reynolds, Secretary of the National Republican Committee, says the Progressive party is just where it started. It isn't the second big party, notwithstanding its great plurality over the Republicans.

"The third party started with California," he added. "They are just where they started. We still have the organization. The State laws, recognize parties according to their votes for Governor. Hedge beat Strauss in New York. We have New York. We have all the States."

"In most of the States there was no Governor chosen this year or the Bull Moose candidate ran third. So far from being one of the two big parties, legally recognized, in election machinery the Bull Moose is just where it started, it has California."

"The Republican National Committee meets in the Auditorium at Chicago next Tuesday. It's going to get right down to work and see where we stand. We are going to start the campaign for four years hence. We will name a successor on the ticket to fill the vacancy left by the death of Vice-President Sherman. For we have some electors and they must vote for a President and Vice-President."

#### WILL BE CALLED BACK, TEXAS PREDICTION.

Houston, Tex., Nov. 7.

To the Editor of The Evening World: By infamous perversion of facts Republicans have been temporarily deceived to false idols. With the result of the election and the failure of the Democratic party to fulfill its promise to get impossible results out of Bryan theories, the people will turn again to the party of constructive legislation, under which this country has grown great and prosperous. And the Republican party will be all the more effective in disposing of existing problems in an aggressive way, being stronger for the experience and receiving the support of those now classed as Progressive. The Progressive party is a big noise made with a million dollars of money by a few politicians, who appropriated everything from state to platform plank of any merit. By bombast and misrepresentation they have discredited a great President and temporarily defeated the Republican party.

H. F. MACGREGOR.

#### EXPECTS WANDERERS TO RETURN TO FOLD.

Minneapolis, Minn., Nov. 7.

To the Editor of The Evening World: Answering your wire concerning the future of the Republican party, my judgment is that the organization will remain as heretofore and that the Progressives will find their way back into our ranks.

F. B. STANLEY.

#### "WILL COME BACK AT NEXT ELECTION."

Minneapolis, Minn., Nov. 7.

To the Editor of The Evening World: The loss of the Presidency will not materially affect the Republican party, except as to officeholders not within the classified service. The party will maintain its organization, and in the future will adjust the differences within its own ranks and will solidify.

ROY O. WEST.

#### SAYS REPUBLICANS WILL GO FORWARD.

Chicago, Ill., Nov. 7.

To the Editor of The Evening World: The Republican party will maintain its organization, will adjust the differences within its own ranks and will solidify.

### TRIALS OF GUNMEN BEGIN TO-MORROW; TO LAST TEN DAYS

#### Justice Goff Hopes to Rush Through All Four Cases in That Time.

"WHITEY" LEWIS FIRST.

#### Conroy Murder Trial Ordered Finished To-Night to Be Out of the Way.

The trial of the gunmen for the murder of Herman Rosenthal will be begun to-morrow in Justice Goff's extraordinary term of the Supreme Court. An unexpected hastening of the trials was ordered by Justice Goff to-day shortly after the resumption before him of the trial of Joseph Conroy for the murder of lawyer Joseph Pettretich.

It had been planned to suspend the Conroy trial to-morrow while a jury was drawn to try the first of the four gunmen, most likely "Whitey" Jack Lewis. The Conroy trial was to have been finished after the jury had been chosen, which would have set the proceedings against the gunmen over until next week.

When the subject was brought up before Justice Goff to-day he suddenly decided that it would be best to finish the Conroy trial before taking up the gunmen's trials, and as a special panel of the court had been summoned to court to-morrow he ordered that the way be cleared for the work of selecting a jury to try Lewis and for the immediate beginning of that trial.

Justice Goff told the lawyers in the Conroy case that they would have to finish the trial to-night no matter how late the court remained in session. Counsel for Conroy demurred but was overruled.

HOPES TO DISPOSE OF FOUR CASES IN TEN DAYS.

Justice Goff hopes to dispose of the cases against all four gunmen in ten days. To do this he will convene court early and sit late. There will be Saturday sessions as in the Becker trial. The drawing of jurors will be rushed with the utmost expedition, and as fast as one jury in one case goes out to deliberate another jury will be chosen.

The order of the four trials has not been definitely settled save in the case of Lewis, and even in his case his counsel, former Magistrate Wahl, reserved the right to select another of the co-defendants to precede him.

The District Attorney has prepared all four cases separately and can summon his witnesses on an hour's notice.

Judge Malone, in Part II. of General Sessions to-day, discharged the bail in the cases of Herbert Hull and John Fleming, who were arrested in the Rosenthal raid. Hull is a nephew of Mrs. Rosenthal.

The cases against the two victims of the famous Becker raid were dismissed on the advice of Assistant District Attorney Moore, who said that the three witnesses against them, Detective Sheppard, Steiner and White, who had participated in the raid, had testified themselves while testifying in the Becker trial and that it would be impossible to build up a prosecution upon such evidence as theirs.

SCHEPPS WANTED TO BE SENT TO HOSPITAL.

Sam Schepps was arraigned in the West Side Police Court to-day on the standing charge of vagrancy, and by agreement went back to West Side Prison for a week. Bernard Sanders, counsel for Schepps, announced that his client is a sick man.

Whitman to send an expert specialist to examine Schepps in jail, said Mr. Chandler. "Schepps is in need of hospital treatment. He is, in fact, an invalid and cannot take proper care of himself in jail. I anticipate that the District Attorney, acting on the advice of the specialist, will order that Schepps be taken to a hospital, where he can be kept under observation."

SAYS THIRD PARTY IS BUILT ON SAND.

Washington, D. C., Nov. 7.

To the Editor of The Evening World: There are too many conditions and contingencies that may arise in the future to expect any one to make an intelligent forecast. It is my opinion the shifting sands upon which Roosevelt has attempted to build a party will never be accepted by any party as a foundation upon which to erect an enduring political structure.

POWELL CLATON, National Committeeman from Arkansas.

### RUNS INTO OFFICE OF HIS LAWYERS AS HE DRINKS ACID

#### Sigmund Moses, Frenzied by Fight to Regain Fortune, a Suicide.

Sigmund Moses, arrested poultry merchant, who lived at No. 201 West One Hundred and Eighteenth street and who, until he suffered recent business reverses, was reputed to be a man of wealth, died in Hudson Street Hospital this afternoon after swallowing half a glassful of carbolic acid. He drank this in front of the suite of offices of Morrison and Schiff, his lawyers, at No. 320 Broadway.

At about 2 o'clock Moses came down from his home and visited his lawyers. He was told by Miss Anna Kahn, the stenographer, that the partner he wished to see was busy, and then he went down to the sixth floor of the same office building to the offices of Kantrowitz and Sabers, the attorneys for the mortgages of some of Moses's property recently foreclosed upon.

After a consultation with the lawyers on matters pertaining to his financial difficulties Moses went back to the offices of Morrison and Schiff.

When told that Mr. Schiff was still busy Moses took a tumbler from the bar, closing the door behind him. He brought out of his pocket a vial containing two ounces of carbolic acid, poured it into the glass and drank it. Then he quickly opened the door and stepped into the office.

A physician who hurried up from the office of the New York Life Insurance Company below gave Moses an emetic, but a few minutes after he had been removed to the hospital he died.

Moses's financial troubles began four years ago when he bought some valuable property on East Sixtieth street on a heavy first mortgage. He sold a second mortgage for \$25,000 to Isaac Peck and Morgan Rosenfelds, but last February his first mortgage fell due and he had to borrow from the holders of the second one to pay the first. That did not forestall bankruptcy, however, and in the course of the proceedings it developed that Moses had conveyed title to his mortgage property to Harry Miller, a brother-in-law in Philadelphia. He leaves a wife and one child.

NICHOLAS LONGWORTH DEFEATED FOR CONGRESS.

CINCINNATI, O., Nov. 7.—Complete unofficial returns from the First Ohio Congressional District this afternoon indicate the defeat of Congressman Nicholas Longworth for re-election, by Stanley Dowdle, a Democrat, by 19 votes. The official count may possibly change this result. If Dowdle is declared elected, it is expected Longworth will carry the contest to the floor of Congress.

### TURKS ARE ROUTED FROM LAST STAND AT CONSTANTINOPLE

#### Bulgarians in Two Days' Battle Drive Sultan's Army From Chatalja Forts.

SALONICA CITY FALLS.

#### Greeks Enter After Turkish Garrison Destroys Bridges and Abandons Place.

LONDON, Nov. 7.—The Turks are reported to have been decisively beaten by the Bulgarians and driven in disorder from their positions at the Chatalja forts in front of Constantinople, according to a despatch from Sofia. The fighting was very severe and lasted two days. Chatalja is the key to Constantinople's last line of defense. With its capture the whole chain of forts must fall into the Bulgarians' hands and the Turkish capital will be at their mercy.

The Bulgarian troops advancing on Constantinople to-day occupied several villages in the vicinity of the line of Turkish forts at Chatalja.

The Turkish garrison has been withdrawn from Salonic after destroying a number of bridges forming the approaches to the city, according to a news agency despatch from Athens. The Greeks who have been besieging the place immediately took possession.

BULGARIANS WERE KILLED BY THE EXPLOSION OF A SINGLE MINES WHILE STORMING THE CHATALJA FORTS TO-DAY, according to a Constantinople message. Several positions were captured from the Turks, it was stated in a despatch from Sofia. Another report says that the Turks recaptured the forts.

PARIS, Nov. 7.—News that the Bulgarians have broken the Turks' last line of defense, twenty-five miles from Constantinople, was expected here hourly to-day. Reports that Czar Ferdinand had decided not actually to enter the Sultan's capital were disbelieved. His previous utterances have been exactly to the contrary. In any event, the Turks will be driven back into the city when the Chatalja line is broken and a massacre is looked for when this happens.

SULTAN PREPARING TO LEAVE CAPITAL CITY.

Neither the 25,000 Kurds, said to be marching to aid in defending Constantinople, nor the twenty warships which the Powers are rushing to the Bosphorus to protect foreigners seemed likely to-day to reach their destination before the war's climax arrives.

Rumors that the Sultan is preparing to transfer his capital to Bursa, in Asia Minor, were not considered reassuring. Presumably he would take his army with him, and almost without an exception the Turkish troops have slaughtered the inhabitants and burned the shops and dwellings of the towns they have evacuated or through which they have passed in retreat since the war began.

While it may be possible to save the European residents of the capital, the native Christian population, numbering fully 600,000, must inevitably be placed in dire peril. The Turks are not only enraged against the Christians because it is by an alliance of Christian nations that they are being vanquished, but attribute their defeats directly to the disaffection of the Christian soldiers in their own ranks.

The butchery at Rodosto, now fully confirmed, in which it is said hundreds of Christians were killed and women and children were thrown into the flames of their own burning homes by the Turks, before the latter evacuated the town, was merely a mild illustration of their policy.

NEW YORK GIRL KILLED BY FALL IN MARSEILLES.

Miss Kitty Saville Singer Tumbles from Fourth Floor Window of Hotel.

MARSEILLES, France, Nov. 7.—Miss Kitty Saville Singer of New York was killed last night by falling from the fourth floor window of a hotel here. It is believed the accident was accidental. She was not dead when picked up from the sidewalk, but expired shortly afterward. She was twenty-four years old.

GIRL DEAD FROM GAS.

Gretel Flamme, a maid in the employ of Mrs. Jules Aubrey, who has an apartment on the eighth floor of No. 33 West Eighty-fifth street, was found dead in bed to-day while gas rushed from an open hot water bag.

### LATEST RETURNS SHOW 40 STATES FOR WILSON WITH 442 ELECTORS

#### Roosevelt's Plurality in Chicago and Cook County Wiped Out by Vote for Wilson in Country Districts of Illinois.

#### CONTROL OF U. S. SENATE NOW SEEMS UNCERTAIN

#### Democrats, Who Have 149 Majority in the House, Expect to Be in Power in Upper House.

Election returns received to-day show a shifting of votes in three States.

Kansas, which was yesterday credited to Roosevelt with its ten electoral votes, is now surely for Wilson.

Minnesota with twelve electoral votes, credited to Wilson yesterday, is now for Roosevelt.

Illinois with twenty-nine electoral votes, believed yesterday to have been carried by Roosevelt, is now apparently for Wilson.

On this basis the vote of the States on President is:

Wilson ... 40 States; 442 Electoral Votes.  
Roosevelt ... 5 States; 77 Electoral Votes.  
Taft ..... 3 States; 12 Electoral Votes.

Late returns indicate that Wilson has carried Illinois by 25,000 plurality over Roosevelt. Roosevelt led in Chicago and Cook County by 25,000. Wilson's vote in the country districts has wiped out this advantage and put the New Jersey Governor 14,600 ahead. There are 663 country districts to hear from and these are likely to increase Wilson's plurality in the State to 25,000 or more.

Col. Roosevelt, in all probability, has carried Minnesota by a plurality of from 15,000 to 20,000. Returns from two-thirds of the precincts of the State to date give him a lead of nearly 8,000 over Wilson, and county precincts are increasing his plurality.

The indications are that Taft's vote in Minnesota will not greatly exceed 75,000. Gov. Elberhat has been re-elected by a plurality ranging from 30,000 to 40,000.

Wilson and Taft are now on even terms in Wyoming and Taft may get the State.

The Democrats have 149 majority in the National House of Representatives. The Senate situation continues to hover just around Democratic control, but without sufficiently definite returns to assure it.

To last night's returns, which gave the Democrats forty-seven Senators, within two of the forty-nine necessary to control, was added to-day the news that the plurality of Thompson, Democrat, of Kansas, had been increased over that of Stubbs, Republican, and seemed to assure his election.

The Bull Moose has more to be thankful for than the old line Republicans, as they have pulled through twelve Progressive Congressmen, and have a chance to get control of the party machinery in several important States.

While Wilson did not receive a majority of all the votes cast for President, his plurality of 100,000 breaks all records.

WHERE TAFT RAN AHEAD OF ROOSEVELT.

Apparently Irvinson Taft ran ahead of Roosevelt in Connecticut, Delaware, Florida, Georgia, Iowa, Kentucky, Massachusetts, Mississippi, Montana, Nevada, New Hampshire, New York, Ohio, Rhode Island, South Carolina, Wisconsin and Wyoming.

The Progressives have apparently elected enough members of the Legislature in Illinois to give them the balance of power in the election of the two United States Senators.

Among those who went down to defeat were six of the "seven little Governors"—Osburn of Michigan, Glasscock of West Virginia, Aldrich of Nebraska, West of North Carolina, Carey of Wisconsin.
